Baldia town Karachi , Pakistan

## PROFILE

Hey, I am Muhammad Mufzan, a front-end developer from Karachi, Pakistan. A highly motivated and detail-oriented Frontend Developer with a passion for creating visually appealing and user-friendly web applications. Proficient in a wide range of web technologies including HTML, CSS, JavaScript, and modern frontend frameworks such as React, and Next.js. Skilled in optimizing performance, debugging, and maintaining high-quality code.

## WORK EXPERIENCE

An enthusiastic and self-driven Frontend Developer with hands-on experience in building responsive, user-friendly web applications. Over the course of 2024, I developed multiple personal and academic projects, focusing on HTML, CSS, JavaScript, and modern frameworks such as NEXT.JS. My projects have honed my skills in front-end development, including responsive design, performance optimization, and ensuring cross-browser compatibility
